

Design & Technology

All children – regardless of gender, starting point or background – will have the opportunity to engage with a high-quality design technology education. They will be equipped with the knowledge, skills and vocabulary to use creativity and imagination to design and make products that solve real and relevant problems in a variety of contexts. We intend to inspire a sense of enjoyment and curiosity about design technology.

Textiles – Templates & Joining Techniques

Spring 2

Igniting Prior Knowledge:

N/A

Key Vocabulary:

- cooking,
- nutrition,
- healthy,
- diet,
- savoury,
- Ingredients,
