

All children – regardless of gender, starting point or background – will have the opportunity to engage with a high-quality religious education. They will be equipped with the knowledge, skills and vocabulary to learn through a diocese linked curriculum that provides opportunities to reflect, discuss and explore more about the world in which they live in. The curriculum provides children with the knowledge of different religious traditions, celebrations, stories and values. Our RE curriculum pupils develop an understanding of themselves and others as well as respecting differences. Lessons will promote the spiritual, moral, social and cultural development of individuals and communities. We intend to inspire a sense of enjoyment and curiosity about different world religions.
