

# BETHLEHEM LATITUDE

Ships of the desert, that is how we're viewed,  
Seven feet tall with humpy attitude,  
Two-toed feet and knobbly knees,  
Cross the dunes with ease,  
Headed on a Bethlehem latitude.

**CHORUS**    *Camels, oh camels,  
You're our favourite mammals,  
Take us to the stable  
To see the newborn King.  
Camels, oh camels,  
You're our favourite mammals,  
Tell us if you're able  
To carry the gifts we bring.*

*Repeat song*
